- 12. Mission** Our mission is to provide excellent, compassionate, personalised NHS care for our community. We achieve this by ensuring that we adhere to the following core values:
Patient Centred – *Our patients are at the heart of everything we do*

Team – To nurture and invest in our team in order that they can achieve their potential

Quality – *To provide the highest standard of evidence-based care in a clean and safe environment*

Respect – To promote a culture of honesty, dignity, and fairness for all

Integrity – *To provide ethical and sustainable care in an open and accountable environment*

Growth – To drive innovation and development

13. Aims and Objectives We aim to

- Provide personalised care in a family practice setting with high quality, safe and effective services.
- Provide monitored, audited and continually improving healthcare services.
- Provide healthcare which is available to a whole population and to create a partnership between patient and health professionals which ensures mutual respect, holistic care and continuous learning and training.
- Provide accessible healthcare which is proactive to healthcare changes, efficiency and innovation, and development.
- Improve Clinical Governance and Evidence Based Practice.
- Improve Clinical and Non-Clinical Risk management.
- Reduce risk in specific clinical risk areas and facilities.
- Improve environment and capacity.
- Improve vigilance for unforeseen emergencies
- Optimise performance against key targets and core standards.
- Meet key targets.
- Be a patient centred organisation.
- Improve services offered to patients.
- Improve communication between the surgery and the patients.
- Recruit, retain and develop a highly motivated and appropriately skilled workforce.
- Enhance performance of the workforce.
- Develop management capability.
- Ensure effective management and governance systems.
- Ensure robust corporate processes at Partnership level.
- Ensure a robust Information Technology strategy to support the business of the Surgery.
- Ensure the financial stability and viability of the practice.
- Support and nurture this practice as a teaching and learning environment for medical students, GP Resident Doctors, and Pre-registration Pharmacists.
